

## **RECOVERY AT WORK IN MISSISSIPPI'S 2ND CONGRESSIONAL DISTRICT**

The American Recovery and Reinvestment Act ("Recovery Act") is creating jobs and strengthening the economy. It is making a real difference for families, providing new resources to local governments and businesses, and helping to end the economic free fall that has gripped the country for more than 18 months.

When President Obama took office, we were facing the greatest economic crisis in a generation and the economy was on the precipice of a second depression or great recession. The economy was losing, on average, 700,000 jobs a month. The growth rate had hit negative 6.3 percent – the worst since the 1982 recession. Foreclosures were at record levels and residential investment had fallen by more than 40 percent in just 18 months. Banks were in crisis and freezing lending, and nearly \$10 trillion in wealth had been lost in an already downward spiraling stock market.

Our economic problems have been years in the making and they won't be solved overnight – but the Recovery Act has helped pull us back from the brink of disaster and we are headed in the right direction. In less than 150 days, the Recovery Act, along with other economic initiatives, has worked to stabilize economic conditions and help those hurt by the economic crisis. We are moving from a long economic slowdown to a time of new industry, opportunity, and innovation. We acted quickly, immediately after the Recovery Act was signed – moving assistance to hard-hit families, businesses and state governments to help those harmed by the recession. Already, across the country, the Recovery Act is making a major difference.

- ~~ \$43 billion in tax cuts to working families have been delivered directly to workers' paychecks and to first-time homebuyers.
- ~~ \$65 billion is helping states to fund Medicaid, support education programs, save jobs, and jump-start shovel-ready transportation projects.
- ~~ More than 35,000 projects have been approved, including nearly 2,000 transportation projects already underway.

### **Mississippi's 2nd Congressional District**

The Recovery Act has committed **\$138.3 million** to MS-02 (as of May 30, 2009). These investments include tax cuts for families and critical funds for new roads and improved highways, improved schools, safer communities, and modernized energy systems. **Key funds** include:

- ~~ Transportation and infrastructure: \$39.8 million
- ~~ Education: \$40.7 million
- ~~ Social Security: \$34.3 million
- ~~ Small Business Administration: \$1.7 million

Enclosed are the Recovery Act projects in MS-02. Note that the projects on the following pages are not an exhaustive list of Recovery Act funded efforts in the District, nor are all projects located entirely in a single Congressional District; the list however provides an indication of Recovery Act activity within MS-02. In addition, please find a recess packet on the implementation of the Recovery Act at the agency level, and additional resources for your office.

# Recovery at Work in Mississippi's 2nd Congressional District

(As of July 7, 2009)

Agency	Bureau / Program	Project Title / Recipient	Location	ARRA Funding	Project Type / Description
