About this Resource Directory

The purpose of this healthcare resource directory is to provide adults and children in the Second Congressional District of Mississippi with information on providers and services related to health care. If you have questions about providers and services specific to your needs, please contact the provider or clinic directly. Please note, it is impossible to list all of the providers and services available throughout the District.

Disclaimer

The information provided in this directory is for informational purposes only and does not provide medical advice, diagnosis, or treatment. Please consult with a qualified healthcare professional for any health concerns or before making any decisions related to your health or treatment. My office is not responsible for any actions taken based on the information provided in this directory. My office does not endorse any particular resource listed in this directory.

This directory is downloadable and printable.

MESSAGE FROM CONGRESSMAN BENNIE G. THOMPSON, MS02

Hello, I am your United States Congressman for the Second Congressional District of Mississippi. I have spent 48 years of my life being a public servant and voice for the underserved and impoverished. I enjoy what I do because it is the environment in which I grew up.

I know that access to healthcare is a fundamental need and many people in communities across the Second Congressional District of Mississippi are struggling to afford doctor visits, medications, transportation, and other healthcare services. No one should have to go without healthcare because of cost or access. As a country we can do better.

As your representative, I am committed to doing my part. Therefore, I have taken the liberty to create this resource directory to help you find a provider and services that meet your medical needs. While the guide may not list all resources or address your specific medical needs, it provides you with options to consider.

With recent changes in laws and policies, it is more important now than ever to know where to turn for healthcare. Feel free to share this guide with more people. Together we can make sure no one is left without access to healthcare.

Keep the faith!

Bennie G. Thompson, MS-02
Member of Congress

A handwritten signature of Bennie G. Thompson in black ink.

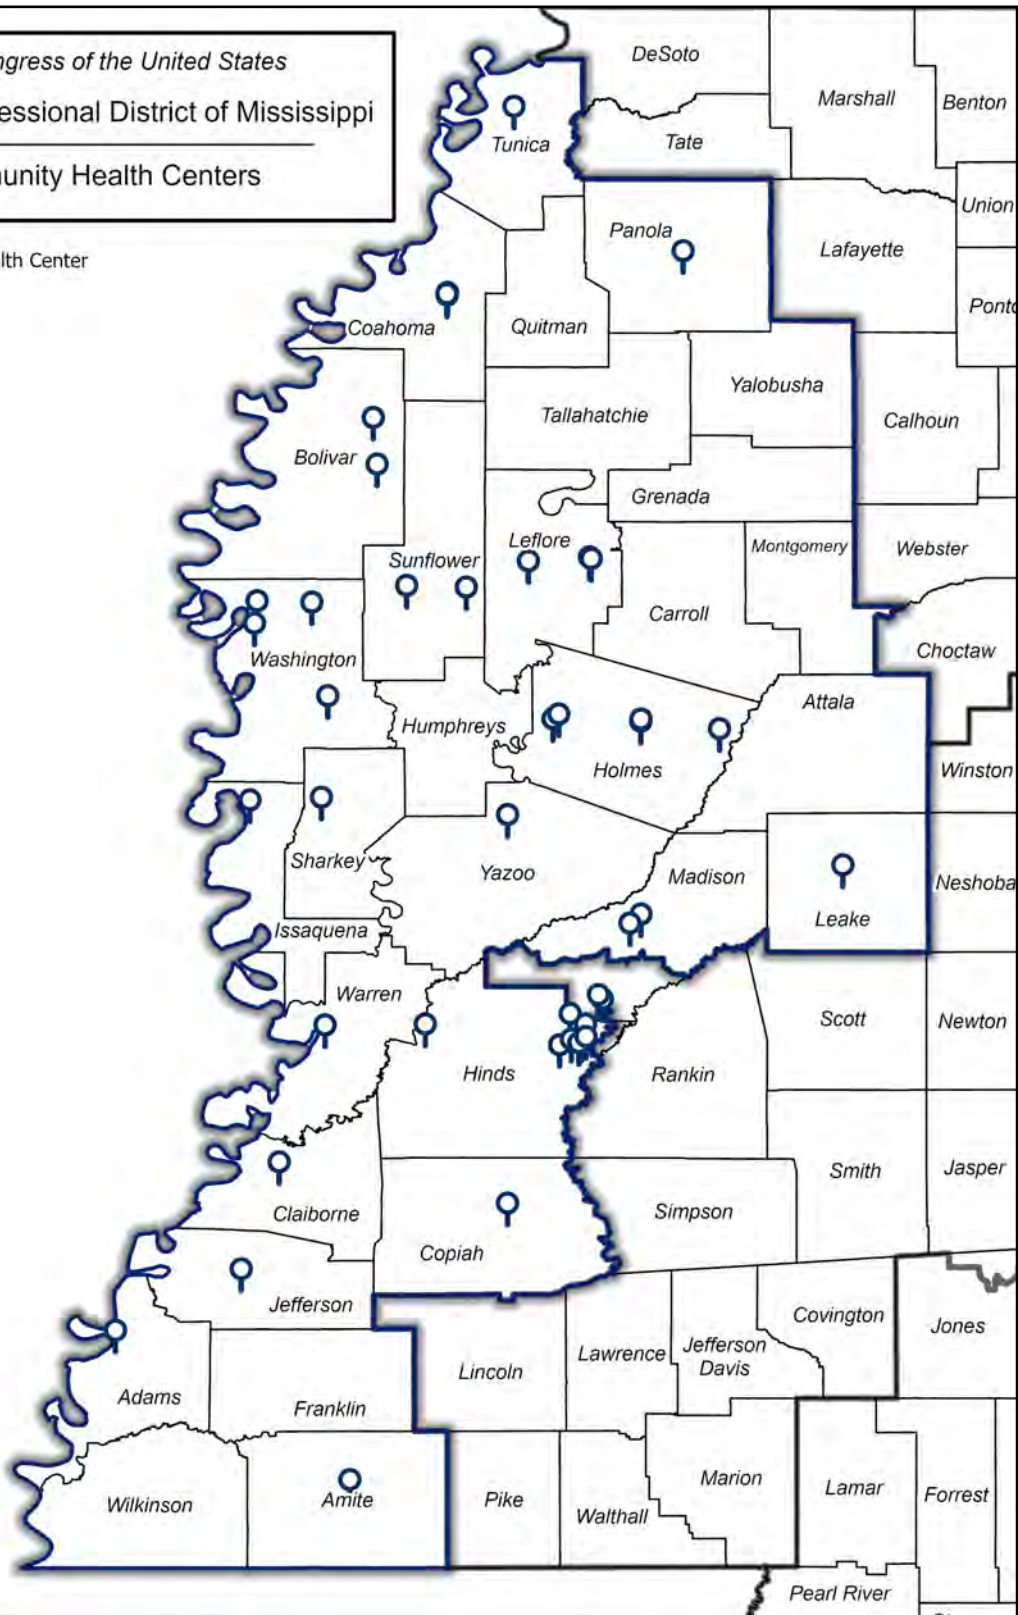

Provide primary and preventative care to insured, uninsured and underinsured people, regardless of ability to pay. Community Health Centers (CHCs) offer sliding fee discounts to eligible patients. CHCs are also called FQHC (Federally Qualified Health Centers). All FQHCs accept Medicaid, Medicare, and other insurances.

119th Congress of the United States

**"Of all the forms of inequality,
injustice in healthcare
is the most shocking and inhuman."**

Dr. Martin Luther King
